

# Declaration

according to Pressure Equipment Directive 2014/68/EU

We hereby declare as authorized representative: Fromme Armaturen GmbH & Co KG  
Hauptstraße 12  
D-38275 Haverlah, Germany

that the valves listed below comply with the requirements of the Pressure Equipment Directive (PED) no. 2014/68/EU.

Conformity assessment procedures: Module H, Diagram 6

Valve Type:	Gate Valve		DN15 to 1200	PN 6-420
	Globe valves		DN15 to 600	PN 16-420
	Check valves	piston type	DN15 to 300	PN 16-420
	Check valves	swing type	DN50 to 400	PN 16-420
	Strainer	Y-type	DN15 to 600	PN 16-420
	Ball valves		DN15 to 900	PN 16-420

Intended use of pressure equipment: Use of valve in pipelines to shut off or pass through the medium within the permissible pressure and temperature limits, taking into account the chemical and corrosive influences on the pressure equipment.  
The use of the valves in media of fluid group 1 is permitted and also includes those of fluid group 2.  
Reference is made to the intended use.

Harmonized standards applied: EN19, EN 558-1, EN1092, EN1503, EN1591, EN12266, EN12516, EN12982

Other regulations: AD 2000 A4, material sheets of the W series

Notified body according to PED: Lloyd's Register Verification Limited  
71 Fenchurch Street  
London EC3M 4BS  
United Kingdom

Notified body number: CE 0343

Certificate No.: 0343/PED/0038/PED/SHA/BJG00000547/A
